SONATRACH/ Institut Algérien du Pétrole (IAP)

Avenue du 1^{er} Novembre 35000 Boumerdes | Algérie | 2026

Table of Contents

Domain

Petroleum Geology

Geophysics

Reservoir Engineering

Oil Drilling

Hydrocarbon Production

Hydrocarbon Transport

Hydrocarbon Exploitation

Gas Engineering

Refining

Petrochemistry

Hydrocarbon Chemistry and Analysis

Petroleum Instrumentation

Industrial Maintenance

Electrical Engineering

Industrial Safety and Environment

OIL & GAS ECONOMICS & TRADING

New and Renewable Energies

OIL & GAS SHIPPING

List of Short Training Courses

Trainings list

01

Petroleum Geology

- **5 Days** | 1D and 2D Petroleum System Modeling
- **5 Days** | Algerian Geological Domains (Evolution, Structure, Petroleum Interest) and Analogous Basins of the World
- **5 Days** | Aspects of Petroleum Geology: How to Generate, Evaluate and Propose a Prospect to Drill with Less Risk of Failure
- **3 Days** | Borehole Images, Interpretation and Analysis
- **5 Days** | Deformation of Sedimentary Basins: The Case of Algerian Basins
- **5 Days** | E&P Project Management: Case Study Simulation
- **5 Days** | Exploration and Production Activity Process
- **5 Days** | Facies Modeling
- **5 Days** | Fractured Reservoirs characterisation
- **4 Days** | Gas Ratios
- **5 Days** | Geology for non Geologists
- **4 Days** | Geomechanics of Unconventional Reservoirs: Concepts and Applications
- **5 Days** | Integrated Fracturing and Geomechanic in Delpeted Reservoirs
- **4 Days** | Mud Logging
- **5 Days** | Petroleum Geochemistry in Petroleum Exploration
- **5 Days** | Pore Pressure Prediction
- **5 Days** | Rock Typing for Modeling
- **5 Days** | Seismic Interpretation
- **5 Days** | Static Reservoir Modeling
- **3 Days** | Structural Modeling
- **3 Days** | Upscaling the Static Model to the Dynamic Model
- **5 Days** | Upstream Oil and Gas Chain
- **3 Days** | Uncertainty Analysis in a Static Model
- **5 Days** | Upstream Laboratory Analyzes
- **5 Days** | Abnormal Pressures in Sedimentary Basins: Origin, Forecast and Detection
- **5 Days** | Application of Gamma Ray Spectral to Sedimentology, Facies Characterization and Organic Geochemistry
- **5 Days** | Basics of Geomechanics
- **5 Days** | Conducting a Hydrocarbon Exploration and Production Project: From Prospecting to Development
- **5 Days** | Description of Sediment Cores
- **5 Days** | Estimation of In Place and Recoverable Hydrocarbon Reserves: Deterministic and Probabilistic Approach (Monte Carlo Simulation)
- **4 Days** | Exploration and Production of Unconventional Reservoirs: Challenges and Opportunities
- **5 Days** | Formation Evaluation
- **5 Days** | From the dynamics of plate tectonics to the formation of hydrocarbon traps
- **5 Days** | Geology Field Trip
- **4 Days** | Geomechanics Integration in Oil and Gas Engineering
- **5 Days** | Hydrocarbon Discoveries in the World and in Algeria
- **5 Days** | Introduction to Seismic and Sequence Stratigraph
- **5 Days** | Organic Geochemistry Applied to Petroleum Exploration and Modeling
- **5 Days** | Petroleum Systems in Carbonate Environments
- **5 Days** | Project Operations Processes and Management in Exploration and Developmen
- **5 Days** | Sedimentology of Siliciclastic Reservoirs
- **5 Days** | Sequence Stratigraphy
- **5 Days** | Structural Geology and Geophysical Methods in Prospecting, Research and Development of Hydrocarbon Reservoirs

Trainings list

02

Geophysics

- **5 Days** | Advanced Seismic Processing
- **5 Days** | Applied Gravimetry
- **3 Days** | Contribution of Potential Methods in the Petroleum Domain
- **5 Days** | DMO and Migration in Seismic Processing
- **5 Days** | Design of a Seismic Acquisition 3D
- **5 Days** | Geophysics for Non-Geophysicists
- **5 Days** | Introduction to Seismic Inversion
- **5 Days** | Machine learning and data Science
- **3 Days** | Multiple Attenuation in Seismic Reflection
- **5 Days** | Noises in Reflection Seismic : Characteristics and Methods of Filtering
- **5 Days** | Prospect generation
- **5 Days** | Quantitative Seismic Interpretation
- **5 Days** | Seismic Exploration
- **5 Days** | Seismic Inversion
- **3 Days** | Seismic for Geologists
- **5 Days** | Signal Processing Practice- Part A
- **5 Days** | Static Corrections in land Seismic
- **5 Days** | Study of Fractured Media by Logging
- **4 Days** | Velocities in Seismic Reflection: Measurement and Use
- **5 Days** | Well Seismic: Tool for Calibration and Interpretation

- **5 Days** | Analysis and Interpretation of Reservoir Logs
- **5 Days** | Choice of Seismic Reflection Acquisition Parameters 2D, 3D
- **5 Days** | Conventional Petrophysics
- **5 Days** | DMO- migration in seismic processing
- **5 Days** | Drilling Site Logging Supervision Procedures
- **5 Days** | Gravimetric and magnetic Survey
- **2 Days** | Introduction to Seismic Inversion and Sequence Stratigraphy
- **5 Days** | Marine Seismic Acquisition
- **5 Days** | New Approaches to 3D Seismic Survey Design
- **5 Days** | Principles and Application of Conventional Logs
- **5 Days** | Python-Basics
- **5 Days** | Seismic Attributes
- **5 Days** | Seismic Interpretation Fundamentals for Non-Geophysicists
- **5 Days** | Seismic Processing 2D/3D
- **5 Days** | Seismic reservoir
- **5 Days** | Signal Processing Practice- Part B
- **5 Days** | Static corrections in land seismic
- **5 Days** | Techniques for Computing Primary Static Corrections
- **5 Days** | Well Seismic: Principle and Application on Station
- **5 Days** | velocity modeling

Trainings list

03

Reservoir Engineering

- **5 Days** | Advanced Phase Behavior and Fluid EOS Characterization
- **5 Days** | Basic Phase Behavior and Fluid Properties
- **5 Days** | Enhanced Oil Recovery : Fundamentals and Applications
- **5 Days** | Fluid Flow In Porous Media
- **5 Days** | Hydrocarbon Phase Behavior (PVT)
- **5 Days** | MATRIX Acidizing of Sandstones and Carbonates
- **5 Days** | PVT Modeling of Gas Condensates and Volatile Oils
- **5 Days** | Production Logging Tool : Principle and Interpretation
- **5 Days** | Reservoir Engineering for Geosciences
- **5 Days** | Reservoir management
- **3 Days** | Rock Properties
- **3 Days** | Unconventional Resources - Shale Gas Fundamentals
- **5 Days** | Applied well test interpretaion analysis
- **5 Days** | Detailed PVT Study and QC of repports for oil and gas condensate reservoirs
- **5 Days** | Field Development Planning and Optimisation
- **5 Days** | Formation Damage and Skin factor
- **3 Days** | Laboratory Study of Formation Damage due to Drilling Fluids and Acid Treatment
- **5 Days** | PETREL Reservoir Engineering
- **5 Days** | Production Logging Tool : Principle and Interpretation
- **5 Days** | Reservoir Drive Mechanisms and Material Balance Equation
- **5 Days** | Reservoir Stimulation
- **4 Days** | Reservoirs acidification
- **5 Days** | Special core analysis -SCAL
- **3 Days** | Wettability Alteration Caused by Oil-Based Muds and Mud Components- Laboratory Case Study

Trainings list

04

Oil Drilling

- **5 Days** | Advanced Cementing
- **5 Days** | Cementing Operation (Equipment and Procedures)
- **5 Days** | Deep Well and Artesian Drilling Techniques
- **5 Days** | Drill String Design
- **5 Days** | Drilling Fluids
- **3 Days** | Drilling Fluids Testing According to API Standards (Lab Session)
- **5 Days** | Drilling Problems Related to Drilling Fluids
- **5 Days** | Drilling and completion fluid
- **5 Days** | Engineering Handbook
- **5 Days** | Forage Horizontal avec Geosterring
- **5 Days** | Horizontal Directional Drilling
- **4 Days** | IWCF Well Control Resit
- **5 Days** | Introduction to Well Control
- **5 Days** | Mechanics of a Hydraulic Drilling Rig
- **5 Days** | Preparation for Well Control Certification
- **3 Days** | Shallow Gas Blowout Prevention
- **3 Days** | Stuck Pipe Prevention
- **3 Days** | Underbalanced Drilling
- **5 Days** | Well Control (Albien)
- **5 Days** | Well Drilling Problems
- **5 Days** | Wellheads and Casing
- **3 Days** | Workover fluid for depleted reservoir

- **5 Days** | Cement Additives and Lab Testing according to API Standards
- **5 Days** | DST and Completion
- **5 Days** | Drill Pipe and Drill Bits
- **5 Days** | Drilling Fluids and Hydraulic Optimization
- **5 Days** | Drilling Fluids Engineering
- **3 Days** | Drilling Optimization and Best Practices
- **5 Days** | Drilling Rig and Rig Move
- **5 Days** | Drilling for non-Driller
- **5 Days** | Fishing
- **5 Days** | Fundamentals of Cementing Operations
- **8 Days** | IWCF Certification Well Control
- **5 Days** | Introduction to Oil Drilling
- **5 Days** | Maintenance of drilling equipment
- **5 Days** | Mud Logging
- **5 Days** | Production Logging Tools
- **4 Days** | Stripping
- **5 Days** | Stuck Pipe and Fishing
- **6 Days** | Well Completion
- **3 Days** | Well Control Equipment for Surface Rotary Drilling
- **5 Days** | Well Operations, Lifting, Wireline, Workover, Perforation and Fracturation
- **5 Days** | Wire Line Logging

Trainings list

05

Hydrocarbon Production

- **5 Days** | Acid Stimulation
- **5 Days** | Acidizing with Coiled Tubing
- **5 Days** | Advanced Well Testing
- **5 Days** | Artificial Lift (Eruptive and non-Eruptive well)
- **5 Days** | Clay and Sandstone Sedimentology
- **5 Days** | Coiled Tubing Equipements and Operations
- **5 Days** | DST Equipment and operation
- **3 Days** | Drilling and Production Engineering Handbook
- **4 Days** | Flow Assurance
- **3 Days** | Fundamentals of Cement Evaluation
- **5 Days** | Gas Lifted Wells: Problems and Solutions
- **5 Days** | Gas-Lift Wells: Problems and Solutions
- **5 Days** | Hydraulic Fracturing Stimulation
- **5 Days** | Kick-off and Neutralization of Wells
- **5 Days** | Machine Learning Applications in Hydrocarbons Industry Part 2
- **5 Days** | Oil Field Production Planning and Forecasting
- **5 Days** | Preparation for Well Intervention Certification
- **5 Days** | Production Network and Surface Facilities
- **5 Days** | Production equipment
- **5 Days** | Production for non-Producers
- **3 Days** | Repêchage par coiled tubing
- **3 Days** | Smart Completion
- **5 Days** | Surface Production and Measurements
- **5 Days** | Surface production equipment, manifolds and bottomhole equipment
- **5 Days** | Well Completion
- **5 Days** | Well Control for Workover Operations
- **5 Days** | Well Integrity
- **5 Days** | Well Integrity Management
- **5 Days** | Wireline Equipements and Operations
- **5 Days** | Wireline avancé
- **5 Days** | Workover Procedure and Method

- **5 Days** | Acidizing Sandstones and Carbonates
- **5 Days** | Advanced Flow Assurance
- **5 Days** | Artificial Lift
- **6 Days** | Certification IWCF Well Intervention Pressure Control (Level 3&4)
- **5 Days** | Coiled Tubing Equipements and Operations
- **5 Days** | Coiled Tubing Operations Manual
- **9 Days** | Diagraphie de Production PLT
- **5 Days** | Field Contract Management
- **3 Days** | Flow Assurance in Production System From Bottomhole to CPF
- **5 Days** | Gas Lift
- **3 Days** | Gas Production Engineering
- **3 Days** | Horizontal and Multilateral Well Performance
- **5 Days** | Introduction to Wireline and its Applications
- **5 Days** | Machine Learning Applications In Hydrocarbons Industry Part 1
- **5 Days** | Nodal Analysis Theory and Practice
- **5 Days** | Oil and Gas : Production, Processing and Supply Chains
- **5 Days** | Production Logging
- **5 Days** | Production and Production Equipment
- **5 Days** | Production for non-Producers
- **5 Days** | Repêchage durant le workover
- **5 Days** | Sand Control Technics
- **5 Days** | Snubbing Equipment and Operations
- **5 Days** | Surface and bottomhole production equipment
- **3 Days** | Well Abandonment
- **5 Days** | Well Control System
- **5 Days** | Well Integrity
- **5 Days** | Well Integrity
- **5 Days** | Well Intervention & Pressure Control (Preparation to Certification)
- **5 Days** | Wireline Technics

Trainings list

06

Hydrocarbon Transport

- **5 Days** | Corrosion and Cathodic Protection
- **4 Days** | Developing a Pipeline Internal Corrosion Investigation Plan
- **5 Days** | Hydrostatic Tests
- **5 Days** | Inspection by smart pig of LPG pipe
- **3 Days** | Natural Gas Transportation by Pipeline
- **5 Days** | Operational management
- **5 Days** | Pipe Coating
- **5 Days** | Pipeline Inspection by Pigs (Pipelines Sweeping)
- **5 Days** | Pipeline Maintenance and Repair Techniques
- **5 Days** | Pipeline Performance Optimization
- **5 Days** | Qualification of the Welding Procedure and Approval of Welders According to ASME Code Section 9 and API 114
- **4 Days** | Stray Currents and Corrosion
- **4 Days** | Welding Techniques Terms
- **5 Days** | basic knowledge of pipeline maintenance methods
- **5 Days** | hydrostatic testing of steel pipes
- **5 Days** | maintenance and repair technique for storage tanks and pipelines

- **4 Days** | Degradation Modes According to API RP 571 Standard
- **4 Days** | External Corrosion of Underground and Submerged Metallic Pipes (NACE)
- **5 Days** | Inspection and Repair Techniques for Storage Tanks
- **5 Days** | Introduction to pipeline construction
- **5 Days** | Operation of Compression Stations and Pumping Stations
- **5 Days** | Petroleum Measurement
- **4 Days** | Pipeline Corrosion Control (NACE)
- **5 Days** | Pipeline Maintenance and Repair Techniques
- **5 Days** | Pipeline Maintenance and Smart Tool Inspection
- **5 Days** | Pipeline Repair by Hot Tapping and STOPPLE Operation
- **5 Days** | STOPPLE Operation
- **5 Days** | Welding Procedure Specification (WPS) & Welder Performance Qualification (WPQ) in Accordance with ASME IX/API 114
- **5 Days** | Welding and Heat Treatment
- **5 Days** | exploitation and maintenance of loading arm
- **5 Days** | maintenance and repair technique for storage tanks
- **5 Days** | maintenance and repair technique for storage tanks and pipelines

Trainings list

07

Hydrocarbon Exploitation (Page 1/2)

- **4 Days** | ASPEN EDR : Shell and Tube Heat Exchanger
- **5 Days** | Air Coolers and Air Condensers
- **4 Days** | Amine Gas Sweetening
- **3 Days** | Aspen EDR: Design and Rate Shell and Tube Heat Exchangers
- **5 Days** | Boilers
- **4 Days** | Cathodic Protection
- **5 Days** | Cathodic Protection: Principles, Sizing and Control
- **5 Days** | Chemical Additives in Oil Industry
- **5 Days** | Choice and Use of Pumps
- **3 Days** | Combustion Control and Emissions Monitoring in Thermal Equipment
- **5 Days** | Commissioning and Start-up of Surface Facilities
- **3 Days** | Cooling Water Circuit and Cooling Towers
- **5 Days** | Corrosion, Prevention and Protection
- **5 Days** | Crude Oil Processing
- **4 Days** | Desalting of Crude Oil
- **3 Days** | Determining Design Conditions
- **5 Days** | Emergency ShutDown
- **5 Days** | Experion PKS R5 (HMIWEB Conception and Graphics)
- **5 Days** | Exploitation and Transport of Gaseous and Liquid Hydrocarbons
- **5 Days** | Gas Compression
- **5 Days** | General Information on Heat Exchangers.
- **5 Days** | Getting Started with Process Simulation Using Aspen HYSYS - Part 1
- **5 Days** | Getting Started with Process Simulation Using Aspen HYSYS - Part 1
- **5 Days** | Getting Started with Process Simulation Using Aspen HYSYS - Part 2
- **5 Days** | HSE Culture
- **5 Days** | Honeywell DCS Experion PKS R5 (For Operators, Controller Operation)
- **5 Days** | Hydrocarbon Measurement and allocation
- **5 Days** | Hydrostatic Testing Methodology
- **5 Days** | Industrial Maintenance Management
- **5 Days** | Industrial Water Treatment Processes
- **5 Days** | Introduction to Dynamic Modeling Using Aspen HYSYS Dynamics
- **4 Days** | Introduction to Dynamic Modeling Using Aspen HYSYS Dynamics Part 2
- **5 Days** | Knowledge Of Heat Exchanger
- **5 Days** | Liquid Hydrocarbons Storage
- **5 Days** | NACE 1D196
- **5 Days** | Natural Gas Treatment Process
- **5 Days** | Navigation and Operation on DCS
- **5 Days** | Oil and Gas Separation: Process and Equipment
- **5 Days** | Operation and Technology of Industrial Gas Turbines
- **3 Days** | Operation of Air Coolers
- **5 Days** | Operation of Evaporators and Demineralization of Distilled Water
- **5 Days** | Operation of Rotating Machines
- **3 Days** | Operation of Shell and Tubes Exchangers
- **5 Days** | Operation of Turbochargers and Turboexpanders
- **5 Days** | Optimization of Turbocharger Efficiency and Reduction of Greenhouse Gas Emissions from Furnaces
- **4 Days** | Performance of Centrifugal Pumps
- **3 Days** | Pipe coating
- **5 Days** | Plant Operator
- **5 Days** | Process Energy Efficiency Improvement
- **5 Days** | Process Safety Fundamentals
- **5 Days** | ASPEN HYSYS
- **3 Days** | Alarms and Events Management on DCS
- **5 Days** | Anti-Pumping System Simulation Using Aspen HYSYS Software
- **5 Days** | Boiler Phase 3: Operation And Control System
- **5 Days** | Boilers: Operation, Maintenance and Inspection
- **5 Days** | Cathodic Protection CP2
- **5 Days** | Chemical Additives in Oil Industry
- **5 Days** | Chemicals in Upstream Oil Operations
- **4 Days** | Columns: Technology, Selection and Troubleshooting
- **3 Days** | Combustion Control and Emissions Monitoring in Thermal Equipment
- **5 Days** | Conventional and Unconventional Oil Exploitation
- **3 Days** | Corrosion of Buried Structures: Factors and Inhibition
- **5 Days** | Corrosion: Factors and Inhibition
- **5 Days** | Cryogenic Equipment
- **5 Days** | Determination of Design Conditions for Oil & Gas Units: Process Integrity and Safety
- **5 Days** | Distillation Process - Pilot Distillation Unit
- **5 Days** | Energy Efficiency
- **3 Days** | Experion PKS: System Overview
- **3 Days** | Flare systems
- **5 Days** | Gas Turbines Process Operations
- **5 Days** | Getting Started with Process Simulation Using Aspen HYSYS - Part 1
- **5 Days** | Getting Started with Process Simulation Using Aspen HYSYS - Part 1
- **5 Days** | Getting Started with Process Simulation Using Aspen HYSYS - Part 1
- **5 Days** | HMI Synoptics Creation and Development
- **5 Days** | Hard Water Treatment
- **5 Days** | Hydrocarbon Analyses
- **5 Days** | Hydrocarbon Storage
- **5 Days** | Incidents Related to the Operation of Gas and Steam Turbines
- **5 Days** | Industrial Plant Continuous Energy Optimization
- **3 Days** | Introduction of Operators to DCS Systems and Safety Systems.
- **4 Days** | Introduction to Dynamic Modeling Using Aspen HYSYS Dynamics Part 1
- **5 Days** | Introduction to the Gas Chain
- **5 Days** | Liquefaction Plants Operation and Troubleshooting
- **5 Days** | Measurement and Accounting of Liquefied Petroleum Products LNG and LPG
- **5 Days** | Natural Gas Hydrates: Definition, Prevention, and Valorization.
- **5 Days** | Natural Gas Treatment Processes
- **5 Days** | Oil Chain Port Unit Oran
- **5 Days** | Operation and Control of Turbo Compressor Units.
- **5 Days** | Operation and Technology of Pumps and Turbo Compressors.
- **5 Days** | Operation of Centrifugal Pumps
- **4 Days** | Operation of Petroleum Depots
- **4 Days** | Operation of Shell and Tube Heat Exchangers
- **5 Days** | Operation of Steam Turbines
- **5 Days** | Operators Introduction to Process Control
- **5 Days** | Optimizing the C3-MR Process Using Aspen HYSYS
- **5 Days** | Petroleum Storage Tanks
- **5 Days** | Piping Corrosion and Protection
- **3 Days** | Process Control System Présentation

Trainings list

07

- **5 Days** | Process Schematics and Instrumentation: P&ID and PFD
- **5 Days** | Pumps Technology
- **5 Days** | Rehabilitation of Storage Tanks
- **5 Days** | Risks Associated with Plant Operations
- **5 Days** | Shale Gas Exploration and Production Techniques
- **5 Days** | Simulation of Natural Gas Treatment Processes
- **5 Days** | Simulation, Evaluation and Sizing of Distillation Columns with Aspen HYSYS
- **5 Days** | Static Equipment
- **3 Days** | The Different Types of Localized Corrosion
- **5 Days** | Troubelshoting, Operational Optimization and Performance Improvement of the Natural Gas Dehydration Unit by Absorption
- **6 Days** | Troubelshooting in Upstream Processes
- **5 Days** | Troubelshooting of HDPE Production Facilities
- **5 Days** | Utilities and Off-Site Installation
- **5 Days** | oil chain port unit SKIKDA

Hydrocarbon Exploitation (Page 2/2)

- **5 Days** | Process Instrumentation and Schematization
- **5 Days** | Process Safety Fundamentals
- **5 Days** | Processing of Crude Oil on Fields
- **5 Days** | Pumps and Compressors: Process Operations and Troubelshooting
- **5 Days** | Risks Associated with Handling Chemicals
- **5 Days** | Rotating Machines
- **5 Days** | Simulation of Collection Networks with Aspen Upstream
- **3 Days** | Simulation of a crude oil processing using Aspen HYSYS
- **5 Days** | Start-up and Shutdown of the Methanol Unit
- **4 Days** | Studies of Centrifugal Compressors and Expansion Turbines
- **3 Days** | Treatment of Oily Water and Injection Water
- **5 Days** | Troubelshooting and Emergency Handling
- **3 Days** | Troubelshooting of Gas Treatment Facilities
- **5 Days** | Uncertainty estimation in hydrocarbon measurement
- **5 Days** | Water Treatment

Trainings list

08

Gas Engineering

- **5 Days** | Advanced Process Control
- **5 Days** | Building MS Excel Interfaces for Aspen HYSYS Simulations Using Aspen Simulation Workbook
- **5 Days** | Centrifugal Compressors Operation
- **3 Days** | Combustion Optimization and Emissions Reduction
- **4 Days** | Comparative Study Between the Old and New Generation of Natural Gas Liquefaction Train by the APCI Process
- **5 Days** | Flow of Fluids in Pipes
- **5 Days** | HYSYS simulation of natural gas liquefaction processes
- **4 Days** | Industrial utilities
- **5 Days** | Liquefied Natural Gas (LNG)
- **3 Days** | Natural Gas Dehydration
- **4 Days** | Natural Gas Liquefaction in a Mega Train
- **5 Days** | Operation of Boilers
- **5 Days** | Operation of Desalination Units
- **3 Days** | Operation of Plates Exchangers
- **5 Days** | Operation of the APCI Main Cryogenic Heat Exchanger
- **5 Days** | Piping and Instrumentation Diagrams P&ID and Piping Flow Diagrams PFD
- **3 Days** | Problem of LNG Quality in Terminals
- **5 Days** | Rehabilitation of an Industrial Complex
- **5 Days** | Separators: Classification, Selection, and Design
- **5 Days** | Specifications and Standardized Testing in the Refining Industry
- **5 Days** | The Complete LNG Value Chain: Gas Pre-Treatment, Liquefaction, LNG Shipping, and Regasification
- **5 Days** | Thermal Calculation of Furnaces and Boilers

- **5 Days** | Boiler Water Treatment
- **3 Days** | CO2 Removal Unit AGRU : Operation, Controls and Troubleshooting
- **4 Days** | Chemistry and Cooling Water Treatment
- **5 Days** | Comparative Study Between the Different Natural Gas Liquefaction Processes
- **5 Days** | Evolution of fuel quality
- **5 Days** | Gas turbine operation
- **4 Days** | Industrial Furnaces
- **5 Days** | Introduction to LNG Project Management
- **3 Days** | Mercury Removal From Hydrocarbons : Process and Troubleshooting
- **3 Days** | Natural Gas Liquefaction Processes
- **5 Days** | Operation of Air Dryers
- **5 Days** | Operation of Cryogenic Motor Pumps with Submerged Engine
- **5 Days** | Operation of Furnaces and Boilers
- **5 Days** | Operation of an LNG Liquefaction Train
- **3 Days** | Optimization of LNG plant production scheduling
- **4 Days** | Preliminary Treatment of Raw Gas
- **5 Days** | Problem of Mercury Present in Gaseous and Liquid Hydrocarbons
- **5 Days** | Selection and Installation of a Centrifugal Pump
- **5 Days** | Shutdown and Start-up Procedures for Gas Facilities
- **5 Days** | Start-up and Shutdown Procedures of Liquefaction Plants
- **5 Days** | The liquefaction process of the GL1Z LNG complex

Trainings list

09

Refining

- **5 Days** | Advanced Training on the Use of Aspen HYSYS Simulation Software
- **5 Days** | Analysis Methods Validation
- **5 Days** | Atmospheric and Vacuum Distillation
- **3 Days** | Bitumen Production
- **5 Days** | Catalytic Processes in Refining
- **4 Days** | Catalytic Reforming
- **5 Days** | Catalytic Regeneration
- **5 Days** | Commissioning and Start-up of Process Equipment
- **5 Days** | Crude Oil Refining Process
- **5 Days** | Crude oil, petroleum products, and refining schemes
- **4 Days** | Dry Coolers: Technology, Design and Operation
- **4 Days** | Focus on Lubricant Manufacturing
- **5 Days** | Gas, Crude Oil and Liquid Petroleum Products Sampling Procedures and Standards
- **5 Days** | Heat Exchangers (Selection, Thermal Calculation, Maintenance and Inspection)
- **5 Days** | Heat transfer and heat exchanger
- **3 Days** | Hydrotreatment of Petroleum Fraction
- **5 Days** | Industrial Effluent Treatment
- **5 Days** | Industrial Gas Turbines Operation
- **5 Days** | Industrial steam boilers
- **3 Days** | Isomerization
- **4 Days** | Manufacturing, Characterization and Evolution of Fuels
- **5 Days** | Measurement and Accounting of Crude Oils and Petroleum Products in Storage Tanks: Balance Sheet A 15C
- **5 Days** | Metrology Applied to the Storage and Distribution of Hydrocarbons
- **5 Days** | Operation of Storage Tanks
- **5 Days** | Ovens in the Oil & Gas Industry: Technology, Selection and Operation
- **4 Days** | Petroleum Refining Simulation PART 1 : Petroleum Characterization & Distillation Modeling
- **5 Days** | Petroleum refining and crude treatment
- **5 Days** | Process Simulation of Crude and Gas Treatment Units with Aspen HYSYS
- **3 Days** | Refining for non-Refiners
- **3 Days** | Separation Columns and Balloons Technology
- **5 Days** | Separation tower technology
- **5 Days** | Specifications of the Various Petroleum Products Commercialized by SH
- **5 Days** | Standardized Quality Control Tests for Petroleum Products
- **5 Days** | The evolution of fuel quality
- **5 Days** | Treatment of Boiler Water and Cooling Water
- **4 Days** | Troubleshooting of distillation processes and process equipment
- **5 Days** | production of unleaded gasoline
- **5 Days** | Ammonia Removal
- **5 Days** | Atmospheric Distillation and Catalytic Reforming
- **4 Days** | Base Oil Manufacturing Line
- **3 Days** | Catalytic Cracking
- **5 Days** | Catalytic Processes in Refining
- **5 Days** | Catalytic Reforming
- **5 Days** | Chromatography: GPC and HPLC
- **5 Days** | Compositions, Characteristics, and Uses of Refining Products
- **4 Days** | Crude Oil and Petroleum Products Storage
- **3 Days** | Desalting of Crude Oil
- **5 Days** | Fired Heaters Process Operations
- **5 Days** | Gas Chromatography (GPC)
- **5 Days** | Heat Exchange Equipment: Operation, Maintenance and Inspection
- **4 Days** | Heat Exchangers: Technology, Design and Operation
- **5 Days** | Heterogeneous Catalysts for the Refining and Petrochemical Industry
- **5 Days** | Industrial Catalysts
- **4 Days** | Industrial Fired Boilers for oil and gas Service
- **4 Days** | Industrial Raw Water Treatment Processes
- **5 Days** | Introduction to Process Simulation with Aspen HYSYS: Application to the Prediction of Petroleum Fractions and Crude Oil Mixture Properties
- **5 Days** | Laboratories Management, Organization and Safety
- **5 Days** | Material Degradation in the Oil Industry
- **3 Days** | Merox treatment unit
- **5 Days** | Operation of Hydrocarbon Storage Tanks
- **5 Days** | Operations and Performance of Rotating Machines
- **5 Days** | Petroleum Refining
- **4 Days** | Petroleum Refining simulation PART 2: Reactors Modeling and Optimization
- **5 Days** | Process Modeling for Refinery Units Operations Using Aspen HYSYS Refining
- **5 Days** | Pumps Operation
- **5 Days** | Sea Water Desalination
- **5 Days** | Separation Equipments
- **5 Days** | Simulation, Optimization, and Troubleshooting of the Atmospheric Distillation Unit using Aspen HYSYS
- **5 Days** | Spectroscopic Methods Analysis of hydrocarbons (IR, UV-Vis and AA)
- **5 Days** | Storage Tanks Calibration
- **3 Days** | Topping Distillation in Refining
- **5 Days** | Treatment of Water by Desalination and Demineralization of Raw Water
- **3 Days** | Vacuum Distillation

Trainings list

10

- **4 Days** | Ammonia Manufacturing Process
- **4 Days** | Industrial Processes for Polymer Production
- **5 Days** | Oil and Grease Techniques and Analysis
- **5 Days** | Petrochemicals: Fundamental Aspects
- **5 Days** | Process for the production of MTBE
- **5 Days** | Qualitative and Quantitative Analysis Techniques for Deposits in Industrial Facilities
- **5 Days** | Waste water treatment
- **5 Days** | start-up and shutdown procedures of formurea/formaldehyde units

Petrochemistry

- **5 Days** | Hydrocarbon Reforming Heterogeneous Catalysts
- **5 Days** | Industrial processes for organic and petrochemical synthesis
- **3 Days** | Olefins Production by Steam Cracking
- **4 Days** | Polymers Petrochemistry
- **5 Days** | Production of Fuel Additives
- **5 Days** | Tools and techniques for developing professional projects
- **3 Days** | méthanol synthesis unit

Trainings list

11

- **4 Days** | Application of UV-Visible Spectroscopy in Hydrocarbon Analysis
- **4 Days** | Authorization to handle chemicals
- **5 Days** | Chemical handling and associated hazards
- **5 Days** | Chemistry at the Service of the Environment
- **4 Days** | Chemical Product injection
- **5 Days** | Control Cards: Implementation and Measurement Process
- **5 Days** | Corrosion in the Oil and Gas Industry
- **5 Days** | Corrosion: Study and Protection
- **5 Days** | Effluent Treatment
- **5 Days** | Elaboration of Process Control Charts and Measuring Instruments
- **4 Days** | Fundamental science and chemistry
- **3 Days** | ISO/IEC 1725 Version 217
- **5 Days** | Industrial water treatment
- **4 Days** | Introduction to Polymers Chemistry
- **1 Days** | Leadership PSM
- **5 Days** | Metrology in Laboratories
- **5 Days** | Molecular Spectroscopic Analysis Methods (FTIR and UV) for the Oil and Gas Industry
- **5 Days** | Procedures and Standards for Sampling & Analysis and Treatment Industrial oils in Service
- **5 Days** | Qualitative and quantitative water analysis techniques
- **5 Days** | Rescue equipment and fire rescue equipment_Level 2
- **5 Days** | Sampling Procedures and Standards for Crude Oil and Petroleum Products
- **5 Days** | Structure and Mechanical and Physical Properties of Materials
- **5 Days** | Validation of Test Methods

Hydrocarbon Chemistry and Analysis

- **5 Days** | Atomic Spectroscopic Analysis Methods for the Oil and Gas Industry
- **5 Days** | Catalyst generation protocol for PRTC/PRTD
- **4 Days** | Chemicals Handling
- **5 Days** | Chemistry of Materials
- **5 Days** | Chromatographic Methods
- **5 Days** | Corrosion and protection of installations
- **5 Days** | Corrosion: Study and Protection
- **5 Days** | Desulfurization of FCC (Fluid Catalytic Cracking) Gasoline by Alkylation
- **5 Days** | Effluent Treatment
- **5 Days** | Estimation of Measurement Uncertainties According to ISO 5725 Series Standards
- **5 Days** | Gas phase chromatography: using, configuration, and maintenance
- **5 Days** | Industrial corrosion in the petrochemical industry and prevention
- **5 Days** | Introduction to Drilling Fluids: Chemical Properties and Characteristics
- **4 Days** | Laboratory Safety
- **5 Days** | Liquid Effluent Sampling
- **5 Days** | Microorganism-induced corrosion of installations
- **5 Days** | Polymerization processes and catalysis
- **5 Days** | Process for Treating Oily Sludge of Petroleum Origin
- **5 Days** | Radiation protection and radioactivity
- **4 Days** | Risks Related to the Handling and Storage of Chemicals
- **5 Days** | Spectrophotometric analytical methods (IR, UV-Visible, and Atomic Absorption)
- **5 Days** | Technology for Refining Used Lubricating Oils
- **5 Days** | Verification and validation of analytical methods

Trainings list

12

Petroleum Instrumentation

- **5 Days** | API Troubleshooting and Maintenance
- **5 Days** | Analyzers and Chromatograph
- **5 Days** | Automatic Fire Extinguishing System by Powder, CO2, Sprayed Water using Tristation and/or Prosafe RS Software
- **5 Days** | Calibration of Industrial Sensors and Transmitters
- **5 Days** | Compressor Anti Surge Control
- **5 Days** | Control Valves
- **5 Days** | Control in SCR System of Drilling Apparatus
- **5 Days** | Controle systheme specification ESD - DCS
- **5 Days** | DCS Distributed Control Systems and SCADA System
- **5 Days** | Detection Systems
- **5 Days** | Digital Electronics in Industrial Systems
- **3 Days** | Exp - 1 : Experion PKS - Controller Operation
- **5 Days** | Exp - Ga : Experion PKS - Facilities operation and Alarm Management
- **5 Days** | HART Calibration Transmitters
- **5 Days** | Hydraulic and Pneumatic Industrial Systems
- **5 Days** | Industrial Ethernet communication network and Profinet architectures
- **5 Days** | Industrial Process Control
- **5 Days** | Industrial Programmable Automation API
- **5 Days** | Instrumented Safety System (SIS)
- **5 Days** | Maintenance of Fire and Gas System
- **5 Days** | Metrology: Industrial Sensors Fundamentals
- **5 Days** | New Instrumentation
- **5 Days** | Oil and Gas Metering
- **5 Days** | Online Diagnostic of Control Valves and Partial Test of ESDV
- **5 Days** | Online Diagnostic of Control Valves and Partial Test of ESDV
- **5 Days** | Operation of DCS 1& Safety Instrumented System: SIS, FGS, ESD, EDP, BMS, MFT, Cause & Effect, and Antisurge
- **5 Days** | PID Control in SIEMENS PLCs
- **4 Days** | PROFIBUS DP Network
- **5 Days** | Practical Techniques of Diagnosis and Tuning of Control Loops
- **5 Days** | Principle of graphical and textual programming of industrial programmable automotons API
- **5 Days** | Process Measurement (Level, Flow, Pressure and Temperature)
- **5 Days** | Programmable Logic Controllers
- **5 Days** | Programmable Logic Controllers ALLEN BRADLEY
- **5 Days** | Regulation in Automated Systems
- **5 Days** | SCHNEIDER Programmable Logic Controllers
- **5 Days** | SIEMENS Programmable Logic Controllers - Level 2
- **5 Days** | SIMATIC Maintenance 1
- **5 Days** | SIMATIC S7 PLC Fundamentals
- **4 Days** | SIMATIC S7-300 PLC Maintenance
- **5 Days** | Safety Instrumented Systems (SIS/SIL)
- **5 Days** | Safety Programmable Logic Controllers
- **5 Days** | Sensors for Industrial Process Control
- **5 Days** | Siemens S7 3/4 PLC Maintenance Level 2
- **5 Days** | TRICONEX ESD System
- **5 Days** | Techniques for Diagnosis and Maintenance of Automated Systems
- **5 Days** | The Practice of Basic PID Control
- **5 Days** | Tuning of Control Loops on HYSYS
- **5 Days** | Use of gas detector
- **5 Days** | Using the PL7 Pro Platform to Program and Configure the TSX Premium PLC
- **5 Days** | artificial intelligence & data science

- **5 Days** | Allen Brdely PLC
- **5 Days** | Automatic Boiler Control
- **5 Days** | Automatic valve and control
- **5 Days** | Complex Control Loops
- **6 Days** | Compressors Anti-Surge Control
- **5 Days** | Control Valves and the Cavitation Problem
- **5 Days** | Controle systheme of turbine MARK VI
- **5 Days** | DCS Architecture
- **5 Days** | DCS YOKOGAWA CENTUM VP for Operations
- **5 Days** | Diagnostic of Malfunctions in Instrumentation
- **5 Days** | Emergency Shutdown Systems (ESD): Activation and Inhibition Management
- **5 Days** | Exp - 6 : Experion PKS - System Overview
- **5 Days** | Fire and gas system: performance and inadequacy
- **5 Days** | Human-Machine Interfaces – SIEMENS WinCC TIA Portal
- **5 Days** | Industrial Electronics
- **5 Days** | Industrial Instrumentation and Process Control
- **5 Days** | Industrial Process Control Techniques
- **5 Days** | Initiation to MARK Vle Systheme
- **4 Days** | Legal Metrology in Oil and Gas Metering
- **5 Days** | Mark Vle Turbine Control and HMI
- **5 Days** | Monitoring technique via OPC and practical implementation
- **5 Days** | Oil Well SCADA System
- **5 Days** | Online Diagnostic of Control Valves and Partial Test of ESDV
- **5 Days** | Online Diagnostic of Control Valves and Partial Test of ESDV
- **5 Days** | Operation for Siemens Programmable Logic Controllers
- **5 Days** | P, Q, L & T Measurement
- **3 Days** | PLC ALLEN BRADLEY
- **5 Days** | Power Electronics Equipment
- **4 Days** | Predictive Functional Control (FPC)
- **3 Days** | Process Control
- **5 Days** | Process Monitoring using Wonderware InTouch
- **5 Days** | Programmable Logic Controllers (Architecture and Introduction to Programming)
- **5 Days** | Programming Automotons
- **5 Days** | SCADA System
- **5 Days** | SIEMENS Programmable Logic Controllers - Level 1
- **5 Days** | SIEMENS Programmable Logic Controllers - Level 3
- **5 Days** | SIMATIC Maintenance 2
- **4 Days** | SIMATIC S7-1500 Maintenance
- **5 Days** | SM-4550-TTT-FR: Safety Manager Implementation – Train the Trainer
- **5 Days** | Safety Manager : Fundamentals - Implementation
- **5 Days** | Sampling and verification of industrial sensors and transmitters
- **5 Days** | Siemens S7 3/4 PLC Maintenance Level 1
- **5 Days** | Smart Instruments Technology
- **5 Days** | TRICONEX PLC
- **5 Days** | Technology and Applications of Analyzers for the Oil and Gas Industry
- **5 Days** | Tuning in Advanced Control on HYSYS
- **5 Days** | Tuning of Control Loops on HYSYS
- **5 Days** | Use of the RSLOGIX 5 software of the ALLEN BRADLEY Industrial PLC in order to create control loops
- **5 Days** | Yokogawa CS 3 DCS operation

Trainings list

13

Industrial Maintenance (Page 1/3)

- **5 Days** | 3D Design of Oil and Gas Plants and Performing of Isometric Drawings
- **5 Days** | API 1184 Pipeline Facility Construction Inspector
- **6 Days** | API 57 : Piping Inspection Code
- **5 Days** | API 571 : Failure Mechanisms Affecting Static Equipment in the Refining Industry
- **5 Days** | API 579-1/ASME FFS-1: Fitness-For-Service (FFS)
- **5 Days** | API 651: Cathodic Protection of Aboveground Petroleum Storage Tanks
- **5 Days** | API RP 580 : Elements of a Risk Based Inspection
- **5 Days** | API RP 651 : Cathodic Protection
- **5 Days** | AUTOCAD 3D
- **5 Days** | Alignment of Rotating Machines Level 2
- **5 Days** | Alternators and Transformers Maintenance
- **5 Days** | Asset Integrity Versatile Inspector
- **5 Days** | Balancing of Rotating Machines
- **5 Days** | Basic Principle of Pumps
- **5 Days** | Best Practices for Equipment Maintenance
- **5 Days** | CATERPILLAR 3 Diesel Engines
- **3 Days** | CND : Liquid Penetrant Testing - Level I
- **5 Days** | Calibration of safety valves according to API standard 576 version 2027 and 527 version 2020
- **4 Days** | Centrifugal Compressor GE-NP
- **5 Days** | Centrifugal Compressors and Expansion Turbines
- **5 Days** | Centrifugal Pumps Maintenance
- **5 Days** | Chilled Water Distribution Systems for Air Conditioning
- **5 Days** | Compressor PCL
- **5 Days** | Computerised Maintenance Management Systems (CMMS)
- **5 Days** | Computerized Maintenance Management (CMMS): DATASTREAM
- **5 Days** | Computerized Maintenance Management (CMMS): purchasing and inventory
- **5 Days** | Concepts for Efficient Maintenance
- **5 Days** | Concepts for Efficient Maintenance
- **5 Days** | Condition-Based Maintenance by Machine Diagnostics
- **1 Days** | Corrosion and Protection
- **5 Days** | Corrosion in the Oil and Gas Industry
- **5 Days** | Damage and Failure Modes of Metallic Materials in the Oil Industry
- **3 Days** | Detailed Description of Diesel Engines
- **5 Days** | Digital Protection Using SEPAM 1000 Relays (T40 and T80)
- **5 Days** | Dimensional and Electrical Metrology
- **3 Days** | Disassembling and Reassembling the MS 51/52 Turbine Rotors
- **5 Days** | Distributed Control System DCS
- **5 Days** | Dynamic Sealing of Rotating Machines
- **5 Days** | EXP-02 EXPERION PKS: Fundamentals-Server Engineering
- **5 Days** | EXP-26 EXPERION PKS: Fundamentals- SCADA Operation
- **5 Days** | EXPERION PKS :fundamentals -server engineering ans configuration Implementation
- **5 Days** | EXPERION PKS: Fundamentals- C300 Controller Implementation
- **5 Days** | Electric motor operating principle
- **5 Days** | Electrochemical Protections
- **5 Days** | APG-APV Reglementation
- **5 Days** | API 51 : Pressure Vessel Inspection Code
- **5 Days** | API 570 : Piping Inspection Code
- **5 Days** | API 576 : Inspection of Pressure - Relieving Devices
- **5 Days** | API 650 : Welded Tanks for Oil Storage
- **5 Days** | API 653 : Tank Inspection Code
- **5 Days** | API RP 581 : Risk Based Inspection Technology
- **5 Days** | AUTOCAD 2D
- **5 Days** | Alignment of Rotating Machines Level 1
- **5 Days** | All about mechanical seals (centrifugal pumps)
- **5 Days** | Asset Integrity Management System
- **5 Days** | AutoCAD Plant 3D
- **5 Days** | Balancing of Rotors
- **5 Days** | Basic Principles of Pumps
- **5 Days** | Boiler Maintenance
- **5 Days** | CMMS
- **3 Days** | CND : Liquid Penetrant Testing - Level II
- **5 Days** | Cathodic Protection (NACE or Equivalent)
- **4 Days** | Centrifugal Compressors Maintenance
- **5 Days** | Centrifugal Pumps
- **5 Days** | Centrifugal Pumps Maintenance and Servicing
- **5 Days** | Components and configurations of dry seal
- **5 Days** | Computer-Aided Maintenance Management: GATIOR
- **5 Days** | Computerized Maintenance Management (CMMS): Curativ maintenance
- **5 Days** | Computerized Maintenance Management (CMMS): Preventif maintenance
- **5 Days** | Concepts for Efficient Maintenance
- **5 Days** | Concepts for Efficient Maintenance
- **5 Days** | Condition Monitoring by Vibration
- **5 Days** | Cooling Towers Technology
- **5 Days** | Corrosion and prevention
- **5 Days** | Damage Mechanisms of Stationary Equipment in the Oil Industry
- **5 Days** | Design of an Industrial Pressure Piping System According to ASME B31.3 Code
- **5 Days** | Diesel Engines
- **5 Days** | Dimensional and Electrical Metrology
- **5 Days** | Disassembling and Reassembling the MS 51/52 Turbine Rotors
- **5 Days** | Disassembling and Reassembling the MS 51/52 Turbine Rotors
- **5 Days** | Distributed Control System DCS ABB AC 800F
- **5 Days** | EXP-01 EXPERION PKS: Fundamentals-Controller Operation
- **5 Days** | EXP-03 EXPERION PKS: Fundamentals: Graphic Design and Building
- **3 Days** | EXPERION PKS :Fundamentals -Controller Operation
- **4 Days** | EXPERION PKS: Fundamentals,Graphics Design and Building Implementation
- **5 Days** | EXPERION PKS: Fundamentals- SCADA Operation
- **5 Days** | Electrical motors maintenance synchronous and asynchronous
- **5 Days** | Experion PKS: Fundamentals -C300 Troubleshooting and Maintenance
- **5 Days** | Exploitation and maintenance of gas turbine
- **5 Days** | Exploitation of codes and normes ASME and API
- **5 Days** | FMECA: Failure Modes Effects and Criticality Analysis
- **4 Days** | Fault Diagnosis in Rotating Machinery Based on Vibration Analysis
- **5 Days** | GATIOR System

Trainings list

13

Industrial Maintenance (Page 2/3)

- **5 Days** | Exploitation DCS FOXBOROD TRICONNEX and PLC Smens
- **5 Days** | Exploitation and performance of rotary machine
- **5 Days** | FMECA: Failure Modes Effects and Criticality Analysis
- **5 Days** | Fault Detection by Vibration Analysis
- **5 Days** | Fundamentals in Process Control
- **5 Days** | Gas Turbines Detailed Description
- **5 Days** | Gas and Steam Turbines Maintenance
- **5 Days** | Gas generator GG LM 2500
- **5 Days** | Gas turbine operation et maintenance
- **5 Days** | Hot-dip welding and tapping techniques
- **5 Days** | Hydrostatic test
- **5 Days** | Industrial Corrosion and Prevention
- **5 Days** | Inspection and Vibration Analysis Initiation
- **5 Days** | Inspection of Static Equipment and Piping
- **5 Days** | Installation and Maintenance of Solar Panels
- **5 Days** | Knowledge of Compressors & Turbines
- **5 Days** | Laser Alignment
- **5 Days** | Lock Out & Tag Out (LOTO): Electrical, Mechanical and Process
- **5 Days** | Maintenance Dashboard
- **5 Days** | Maintenance Instruments for Optimal Management of Equipment Availability
- **5 Days** | Maintenance Management and Planning
- **5 Days** | Maintenance Planning for Rotating Equipment
- **3 Days** | Maintenance and Calibration of Safety Valves
- **5 Days** | Maintenance and Calibration of Safety Valves
- **5 Days** | Maintenance and Servicing of Compressors
- **5 Days** | Maintenance and Wiring Techniques for LV and HV Electrical Panels and Dual UPS Panels (30 kVA, 220 VDC)
- **5 Days** | Maintenance of Dual Mechanical Seals API 682
- **5 Days** | Maintenance of Special Valves
- **5 Days** | Manufacture of End and Junction Boxes
- **5 Days** | Measurement Uncertainty Evaluation
- **5 Days** | Mechanical Seals of Dynamic Compressors
- **5 Days** | Mechanical Seals of Rotating Machines
- **5 Days** | Mechanical Vibrations
- **5 Days** | Metallic Materials in the Petroleum Industry
- **4 Days** | Metrology Basics
- **5 Days** | Monitoring and maintenance costs analysis
- **3 Days** | NDT : Ressuage Niveau 2
- **5 Days** | NDT : Ultrasonic Testing A-scan Thikness Measurment (UTT) Level II limited
- **3 Days** | NDT : Visual Testing - Level I
- **3 Days** | NDT : Visual Testing - Level II
- **3 Days** | NDT : Visual Testing - Level II
- **5 Days** | NDT Techniques
- **3 Days** | NDT: Magnitic Partical Testing Level I
- **5 Days** | Non-destructif testing (NDT)
- **5 Days** | Operation and Maintenance of Pumps
- **5 Days** | PCL Compressor
- **5 Days** | PCL Compressor
- **5 Days** | PROTECTION OF ELECTRICAL INSTALLATIONS
- **5 Days** | PV : Inspection Techniques and Regulations
- **5 Days** | Pipeline Corrosion Integrity Managements
- **5 Days** | Piping welding
- **4 Days** | Preparation and Management of Scheduled Shutdown of Industrial Plants
- **10 Days** | Preparation for API 653 standard certification
- **8 Days** | Preparation for API standard certification 580

- **5 Days** | Gas Turbines Technology and Operation
- **5 Days** | Gas and Steam Turbines Protection
- **5 Days** | Gas turbine maintenance
- **5 Days** | Heat Exchangers: Technology and Performance
- **5 Days** | Hydraulic and Pneumatic Equipment
- **5 Days** | Hydrostatic testing
- **5 Days** | Industrial Lubrication
- **5 Days** | Inspection of Equipment Subject to Regulation
- **5 Days** | Inspection techniques
- **5 Days** | Integrity of Pressure Equipement
- **5 Days** | LNG Loading Arms
- **5 Days** | Laser Shaft Alignment (ROTALIGN Ultra and Easy Laser)
- **5 Days** | Machining Techniques and Their Role in Promoting Spare Part Manufacturing
- **5 Days** | Maintenance Dashboard Indicators
- **5 Days** | Maintenance Management
- **5 Days** | Maintenance Operations Planning
- **5 Days** | Maintenance Strategy of Oil and Gas Treatment / Production Plants
- **5 Days** | Maintenance and Calibration of Safety Valves
- **5 Days** | Maintenance and Repair of Heat Exchangers
- **3 Days** | Maintenance and Servicing of a Bay, 5.5kV, 11kV, 3kV, 6kV and 22kV Substations
- **5 Days** | Maintenance management
- **5 Days** | Maintenance of Floating Roof Tanks
- **5 Days** | Maintenance of equipment subject to regulations
- **5 Days** | Material selection and stress calculatation
- **3 Days** | Mechanical Seals
- **5 Days** | Mechanical Seals of Dynamic Compressors
- **5 Days** | Mechanical Testing Methods
- **5 Days** | Mechanical seal of pumps and API plans
- **5 Days** | Methodology and procedure for installation and commissioning of the mechanical part on site
- **5 Days** | Metrology and precision mechanics
- **5 Days** | Monitoring and surveillance of vibration analysis
- **3 Days** | NDT : Ressuage Niveau I
- **5 Days** | NDT : Ultrasonic Testing A-scan Thikness Measurment (UTT) Level II limited
- **5 Days** | NDT : Visual Testing - Level II
- **3 Days** | NDT : Visual Testing - Level II
- **9 Days** | NDT : Visual Testing - Level II
- **3 Days** | NDT: Magnitic Partical Level II
- **8 Days** | NDT: Radiographic Testing (RT) Level 2 Film Interpretation
- **5 Days** | Non-destructive test methods
- **5 Days** | Non-destructive testing and inspection technics
- **5 Days** | Oil and Gas Asset Integrity Management
- **5 Days** | Overhaul and Inspection of a Diesel Engine
- **5 Days** | PCL Compressor
- **5 Days** | PGT25 Turbine
- **5 Days** | PSV and PRV Maintenance in the Oil and Gas Treatment Plants
- **5 Days** | Photovoltaic Station Maintenance
- **5 Days** | Piping
- **3 Days** | Predictive Maintenance by Infrared Thermography in the Industrial Environment
- **5 Days** | Preparation and Scheduling of Maintenance Works
- **10 Days** | Preparation for API standard certification
- **3 Days** | Preparation for Level 1 and Level 2 Certification in NDT by Dye Penetrant According to ASNT: SNT-TC-1A

Trainings list

13

Industrial Maintenance (Page 3/3)

- **3 Days** | Preparation for Level 1 and Level 2 NDT Certification by Magnetoscopy According to ASNT: SNT-TC -1A
- **5 Days** | Preparation for NDT Level I & II Magnetoscopy
- **5 Days** | Pressure equipment inspection techniques
- **3 Days** | Principle of Operation and Selection of Wet and Dry Mechanical Seals
- **5 Days** | Project Management with Primavera P6-Level 1
- **5 Days** | Pump Maintenance, Alignment and Mechanical Seals
- **3 Days** | Pumps Studies
- **5 Days** | Reading plans and diagrams of an industrial installation
- **10 Days** | Regulations on equipment subject to decree
- **3 Days** | Rigger
- **5 Days** | Rolling
- **5 Days** | Rotating Machines Lubrication
- **5 Days** | SOLIDWORKS in Oil and Gas Industry
- **5 Days** | Sandblasting techniques
- **5 Days** | Sliding and Command Gestures
- **5 Days** | Standard API 650 - 653
- **5 Days** | Standard NACE CP 1
- **5 Days** | Steam and Gas Turbine Technology
- **5 Days** | Storage tank inspection techniques
- **5 Days** | Study and Selection of Mechanical Seals According to API 682
- **5 Days** | Technology and Maintenance of Safety Valves and Rupture Discs
- **5 Days** | The Bearings
- **5 Days** | Timing and synchronization of diesel engines
- **5 Days** | Tuning of Control Loops on HYSYS
- **5 Days** | Turboexpanders: Technology and Applications
- **5 Days** | Valve Equipment Tightness Test Procedures, Preparation and Execution
- **5 Days** | Variable Speed Drives
- **5 Days** | Vibration Control and Analysis
- **3 Days** | Vibration and Balancing of Rotating Machines
- **5 Days** | Welding
- **5 Days** | Welding Techniques Terms
- **5 Days** | Welding techniques, procedure and inspection
- **5 Days** | coating inspection
- **5 Days** | exploitation of codes and standard of piping/pipline(ASME,API)
- **5 Days** | industriel maintenance
- **5 Days** | maintenance and configuration of PLC AC800M ABB
- **5 Days** | maintenance management and reliability
- **5 Days** | reading of plans and diagrams of electrical installations
- **5 Days** | select of materials of petroluem project
- **5 Days** | training in API 1104 ET ASME section 09 code B31.3 , B31.4 ,B31.8 et B31.9

- **5 Days** | Preparation for Level 1 and Level 2 NDT Certification by Ultrasound According to ASNT: SNT-TC-1A
- **5 Days** | Pressure Equipment Regulation and Inspector's Job
- **5 Days** | Preventive Maintenance Organization and Practice
- **5 Days** | Project Management
- **5 Days** | Project Management with Primavera P6-Level 2
- **5 Days** | Pumps
- **3 Days** | Raised of a Hot Spot in a Bay, 5.5kV, 11kV, 3kV, 6kV and 22kV Substations
- **5 Days** | Reciprocating Piston Compressor
- **5 Days** | Reliability-Based Maintenance Optimisation
- **5 Days** | Risk Based Inspection - RBI
- **5 Days** | Rotating Machinery Inspection
- **5 Days** | SOLIDWORKS
- **3 Days** | STANDARD API 576
- **5 Days** | Sandblasting, Painting, and Coating
- **5 Days** | Standard API 510
- **5 Days** | Standard API 651
- **5 Days** | Static and Dynamic Balancing of Rotors
- **5 Days** | Storage Tanks Protection Systems
- **5 Days** | Stray Currents and Corrosion
- **5 Days** | Systematic servicing and maintenance of Gas and Steam Turbines
- **5 Days** | Technology and maintenance of gas turbine "MS5002"
- **4 Days** | Thermal insulation technique
- **5 Days** | Tribology and Lubrication
- **5 Days** | Turbine Lubrication & Greasing
- **5 Days** | Turbogenerator for electrician
- **5 Days** | Valves Operators
- **5 Days** | Vibration Analysis with Falcon Analyzer
- **5 Days** | Vibration analysis with SKF Microlog Analyzer GX series (CMXA 70)
- **5 Days** | Wear of Rotating Machines
- **5 Days** | Welding Techniques Terms
- **5 Days** | Welding Techniques Terms
- **5 Days** | central heating, ventilation and air conditioning DX/VRV
- **3 Days** | code ASTM D 2163-14 Version 2029
- **5 Days** | general information on compressors and turbines
- **5 Days** | integrity of installations and pressure equipment
- **5 Days** | maintenance and exploitation of centrifugal compressor
- **5 Days** | mechanical seal of centrifugal pumps API 682 SECOND EDITION
- **5 Days** | refrigerants fluids
- **5 Days** | surge and Operating Instability of Dynamic Compressors

Trainings list

14

Electrical Engineering

- **5 Days** | APE reglementations (Decree 21-261)
- **3 Days** | Calculation of MV Network Protections
- **5 Days** | Configuration and setting of protection relays SEPAM 1000 & SEPAM 2000
- **5 Days** | Diagnosis, maintenance and repair of alternating current electrical machines
- **5 Days** | Digital Protection by SEPAM 2 Relay
- **4 Days** | Electrical Accreditation for Managers
- **2 Days** | Electrical Authorisation: C2 Certification Level 2
- **5 Days** | Electrical Energy Management According to ISO 51 Standard
- **3 Days** | Electrical Hazard
- **5 Days** | Electrical Network Analysis
- **4 Days** | Electrical Network Management: From Design to End of Life Cycle
- **3 Days** | Electrical Protection Relay
- **5 Days** | Electrical Wiring and Securing the Power Supply Network
- **2 Days** | Electrical authorisation: A1 Certification level 1
- **5 Days** | Electrical authorization low voltage
- **5 Days** | Electrical installation protection system
- **5 Days** | Electrical safety
- **5 Days** | Electricity Transport and Distribution Networks, HTA/HTB Substation
- **5 Days** | Excitation of Alternators
- **5 Days** | General electricity and safety of tapping stations for cathodic protection
- **1 Days** | Group training GTHE
- **5 Days** | HVAC Control and Regulation
- **5 Days** | Industrial control and variable speed drive
- **5 Days** | Inverters and battery chargers
- **5 Days** | Low and high voltage circuit breaker and contactor in industrial environments
- **4 Days** | Maintenance and Optimization of Industrial HVAC Systems
- **5 Days** | Maintenance of alternating current electrical machines
- **5 Days** | Maintenance of machines and electric motors
- **4 Days** | Mining Techniques for GE TG Units Controlled by the MARK Vie System
- **5 Days** | Operation and Maintenance of an Electrical Substation
- **3 Days** | Operation of HVAC Systems and Thermal Balance
- **5 Days** | Power electronics in industrial applications
- **5 Days** | Prevention of Electrical Risks
- **5 Days** | Protection of high voltage electrical installations HTA in industrial environments
- **5 Days** | Quality of Electrical Energy
- **5 Days** | Read and interpret electrical diagrams
- **5 Days** | Replacement of R-22 HVAC Systems to Preserve the Ozone Layer
- **5 Days** | SEPAM 1000 training
- **5 Days** | Sizing of Electrical Underground Networks
- **6 Days** | Start-up and Speed Variation of Electrical Motors
- **5 Days** | Studies and design of low voltage electrical installations NF C 15 100
- **5 Days** | Study and Design of Low Voltage Electrical Installations
- **5 Days** | Techniques for Operating Combined Cycle Power Plants
- **5 Days** | Turbo alternator AGT
- **5 Days** | Cabling and Programming of Micro-PLCs
- **3 Days** | Commission for validation and allocation of electrical qualification
- **5 Days** | DCS for maintainer
- **5 Days** | Digital Protection by Relay SIEMENS SIPROTEC 4
- **3 Days** | Electrical Accreditation for Electricians
- **3 Days** | Electrical Accreditation for non-Electricians
- **5 Days** | Electrical Cable and Fiber Optic Technology
- **5 Days** | Electrical Energy Sources
- **5 Days** | Electrical Motors Maintenance, Failure and Root Cause Analysis
- **4 Days** | Electrical Network Management System SGRE
- **4 Days** | Electrical Networks Technology
- **5 Days** | Electrical Safety of Low Voltage Installations
- **4 Days** | Electrical and Technological Protections of TG Units Dedicated to Electricity Production
- **5 Days** | Electrical authorization
- **5 Days** | Electrical equipment
- **5 Days** | Electrical protection of alternators
- **5 Days** | Electricity Transport and Distribution Networks, HTA/HTB Substation
- **5 Days** | Engine Generator Technology and Maintenance
- **4 Days** | Faults and Remedies in Electric Machines
- **5 Days** | Generator
- **5 Days** | HTA Circuit Breakers and Contactors
- **5 Days** | HVAC for Maintainers
- **3 Days** | Installation and maintenance of photovoltaic systems
- **5 Days** | Low and High Voltage Electrical Authorization
- **5 Days** | Maintenance Sizing and Configuration under Network of UPS GUTOR
- **5 Days** | Maintenance and wiring techniques for low-voltage electrical cabinets
- **5 Days** | Maintenance of generators
- **5 Days** | Maintenance, sizing and configuration under UPS network CHLORIDE
- **4 Days** | Operation and Maintenance of UPS CHLORIDE Apodyes
- **5 Days** | Operation and studies of speed variators for electrical machines
- **5 Days** | Power Transformer Oil Analysis Processes
- **5 Days** | Preparation for Electrical Accreditation
- **4 Days** | Protection of Low Voltage Electrical Installations and Settings
- **5 Days** | Protection relay SEPAM 1000: M20 - T20 - S20 - T87
- **5 Days** | Reactive Energy Compensation and Installation of Compensation Batteries
- **5 Days** | Recycling of electrical certification in low and high voltage
- **5 Days** | SCR System of Drilling Apparatus
- **5 Days** | Single-line and sequential electrical diagrams
- **4 Days** | Solar Energy: Energy Storage and Fuel Cells
- **5 Days** | Stray currents and their influence on buried metal structures
- **5 Days** | Study and Design of High Voltage Electrical Installations
- **5 Days** | Study and Simulation of an Industrial Local Area Network by Packet Tracer
- **3 Days** | The Connection of Underground Cables in the Shielded Network, Substations 5.5kV, 11kV, 3kV, 6kV and 22kV
- **5 Days** | UPS Systems
- **5 Days** | Uninterruptible power supply system UPS
- **3 Days** | VFD Technology Study

Trainings list

15

- **5 Days** | ACCIDENT TECHNIQUES INVESTIGATION
- **5 Days** | ATEX Atmosphere Prevention
- **5 Days** | ATEX Level 2
- **3 Days** | ATMOSPHERE TEST
- **5 Days** | Accident Investigation Techniques
- **5 Days** | Advanced HAZOP
- **2 Days** | Algerian environmental regulations
- **4 Days** | Ambulance Driver
- **5 Days** | Analysis of Works Accidents by the Tree of Causes Method
- **4 Days** | Asset Surveillance and Protection
- **5 Days** | Attack techniques and implementation of attack plans
- **3 Days** | Audit of the implementation of a test laboratory management system
- **5 Days** | BANKSMAN LIFTING TECHNIQUES
- **5 Days** | Better Acting Within the Health and Safety Committee
- **5 Days** | CHINETTI brand fire-fighting trucks Model AIS8000/4000
- **5 Days** | CO2 Fire Extinguisher Refilling
- **5 Days** | CONFINED SPACE ENTRY INTERVENTION TECHNIQUE
- **5 Days** | CONTROL AND MAINTENANCE OF FIRE FIGHTING EXTINGUISHERS
- **5 Days** | CPHS
- **5 Days** | Calibration of Measuring Instruments
- **2 Days** | Chemical Risk Awareness
- **5 Days** | Company HSE Policy
- **6 Days** | Confined Space Entry
- **5 Days** | Confined Space Risk and Protection
- **4 Days** | Control of Hazard Study Development Process
- **5 Days** | Corporate Social Responsibility according to ISO 26000:2010
- **5 Days** | DEPOSIT INHIBITOR INJECTION TECHNOLOGIES
- **5 Days** | Defensive Driving
- **1 Days** | Defibrillator
- **5 Days** | Dynamic Simulation of Hazardous Phenomena on PHAST Software
- **3 Days** | ELECTRICAL RISK FOR NON ELECTRICIAN
- **3 Days** | Effective HSE Communication
- **10 Days** | Emergency and Crisis Management ICS
- **5 Days** | Emergency and Crisis Management System Repository
- **5 Days** | Emergency and crisis management for PCO
- **5 Days** | Emergency response plan
- **4 Days** | Environmental Audit
- **5 Days** | Environmental Protection in Industrial and Maritime Settings
- **5 Days** | Environmental Regulations
- **5 Days** | Ergonomics at the Workstation
- **4 Days** | EvRP Assessment and Prevention of Occupational Risks
- **5 Days** | Evacuation Plans in an Industrial Environment
- **5 Days** | Explosive Atmosphere - ATEX
- **5 Days** | Extinguishing Techniques
- **5 Days** | FIRE EXTINGUISHING TECHNIQUES
- **5 Days** | Fire Detection and Extinguishing System (FDS)
- **5 Days** | Fire Network
- **5 Days** | Fire Risk Management in Petroleum Environment
- **5 Days** | Fire School
- **5 Days** | Firefighting

Industrial Safety and Environment (Page 1/4)

- **5 Days** | ATEX No.1 Authorization for Electricians
- **5 Days** | ATEX Electrical
- **5 Days** | ATEX Risks
- **5 Days** | Accident Investigation Techniques
- **5 Days** | Advanced First Aid
- **5 Days** | Air Pollution
- **5 Days** | Algerian regulations on health, occupational safety, and the environment
- **3 Days** | Ambulance Driver Training
- **5 Days** | Assessment of Professionals Risks in Company
- **3 Days** | Atmosphere controller
- **3 Days** | Audit and HSE inspection
- **5 Days** | Authorization for Work at Height and Use PPE of Fall Protection
- **3 Days** | Banksman
- **5 Days** | Bringing installations into compliance
- **5 Days** | CHS Committee
- **4 Days** | CO2 GAS AWARENESS
- **10 Days** | CONFINED SPACE TECHNIQUES RESCUES
- **5 Days** | CONTROL MAINTENANCE AND USE OF FIRE FIGHTING EXTINGUISHERS
- **3 Days** | CPHS Commission
- **5 Days** | Chemical Risk Assessment In the Company
- **5 Days** | Chemical Risks
- **5 Days** | Computer-aided maintenance management
- **5 Days** | Confined Space Rescue and Firefighting
- **5 Days** | Confined Space Risks: Intervention and Rescue
- **4 Days** | Control of Substances Dangerous to Health - COSHH
- **5 Days** | Crisis And Emergency Management - LIMT/ICT
- **3 Days** | DRIVING SAFE OPERATION OF FORKLIFTS
- **3 Days** | Defensive Driving Level 2
- **5 Days** | Digitalization of Work Permits
- **5 Days** | EERECTION TECHNIQUES FOR SCAFFOLDING
- **5 Days** | Ecological Taxation and the Calculation of Environmental Tax
- **5 Days** | Emergency and Crisis Management (PII, PPI, PAM, ORSEC)
- **5 Days** | Emergency and Crisis Management System
- **5 Days** | Emergency and crisis management and use of medical equipment
- **5 Days** | Emergency handling
- **5 Days** | Enterprise Risk Awareness
- **5 Days** | Environmental Impact Assessment
- **5 Days** | Environmental Protection in the Industrial Environment
- **5 Days** | Ergonomics at the Workstation
- **3 Days** | Ergonomics: Gestures and Poses
- **5 Days** | EvRP for Doctors
- **5 Days** | Explosive Atmosphere (ATEX) - Level 1
- **5 Days** | Explosives Management
- **5 Days** | FIRE EXTINGUISHING SAFETY SYSTEM
- **5 Days** | FIREFIGHTING PUMP PERFORMANCE TEST
- **3 Days** | Fire Fighting Trucks
- **5 Days** | Fire Risk (Detection and Suppression)
- **5 Days** | Fire Safety (Detection and Extinction)
- **5 Days** | Fire and Explosion Risk
- **5 Days** | Firefighting Trucks Driving and Maintenance
- **6 Days** | Firefighting engine Driving
- **5 Days** | First Aid Level 2
- **5 Days** | First Aid and Emergency Response
- **3 Days** | First Aid – Cardiopulmonary Resuscitation (CPR)
- **5 Days** | Fuel Management Risks
- **5 Days** | Gas Detection

Trainings list

15

Industrial Safety and Environment (Page 2/4)

- **5 Days** | Firefighting and Rescue
- **3 Days** | Firefighting trucks and water pumps
- **5 Days** | First Aid and Ambulance Drivers
- **3 Days** | First Aid for Authorized Electricians
- **5 Days** | Fixed Automatic Extinguishing Systems
- **1 Days** | GAS TEST
- **3 Days** | Gestures And Postures
- **4 Days** | H2S Risk Prevention
- **5 Days** | HACCP Audit
- **5 Days** | HAZARD ANALYSIS AND CRITICAL CONTROL METHOD /GOOD HYGIENE IN COLLECTIVE CATERING
- **5 Days** | HAZOP Study
- **5 Days** | HAZOP, HAZID, SIL, EIPS analysis methods
- **5 Days** | HSE Foundations
- **3 Days** | HSE Introduction
- **5 Days** | HSE Management System Implementation
- **4 Days** | HSE Risk in Compagny : Part 2
- **5 Days** | HSE Safety Manual
- **4 Days** | HSE for drilling
- **5 Days** | HSE risks in confined spaces: prevention and intervention approach
- **5 Days** | HSE-MS Auditor
- **5 Days** | HYDROCARBON FIRE FIGHTING TECHNIQUES
- **1 Days** | Handling fire extinguishers on a real fire
- **5 Days** | Hazard Management
- **5 Days** | Hazard Study (HSE) and Impact Assessment (IA)
- **5 Days** | Height Rescue
- **5 Days** | Height Work and Scaffolding (OSHA Standard)
- **5 Days** | INDUSTRIAL WATER REATMENT
- **5 Days** | INTRODUCTION TO INDUSTRIAL SAFETY
- **5 Days** | ISO 17025:2017 Requirements : Valve Calibration According to API 576:2017 and API 527:2014
- **4 Days** | ISO 31000-2018 : Risk Management
- **5 Days** | ISO 45001:2018 standard
- **5 Days** | ISO STANDARD 31000 RISK MANAGEMENT
- **5 Days** | Identification and treatment of non-conformities
- **5 Days** | Implementation of the EvRP Framework
- **3 Days** | Industrial Risks
- **5 Days** | Inspection and maintenance of fire extinguishers
- **5 Days** | Integrated QHSE Management System
- **5 Days** | Internal Auditor ISO 45001
- **5 Days** | Internal Auditor according to ISO 19011
- **5 Days** | Intervention Techniques
- **5 Days** | Intervention Truck Driver
- **5 Days** | Intervention on industrial fires, hydrocarbon and chemical storage
- **5 Days** | Introduction to ISO 14000 and ISO 9000 standards
- **5 Days** | Introduction to occupational medicine
- **5 Days** | Investigation of Accidents and Incidents According to the SONATRACH Group Reference System
- **5 Days** | Laboratories Accreditation According to ISO/CEI 1725
- **5 Days** | Life-Saving First Aid
- **3 Days** | Life-saving gestures N2
- **5 Days** | Lifting Technique and BANKSMAN
- **5 Days** | Machine operators authorization, safety
- **4 Days** | Major Accident Modelling and Simulation
- **4 Days** | Management of Collective Catering in Health and Safety
- **5 Days** | Management of Maintenance Urgent Jobs in Industrial Production Facilities
- **5 Days** | Management of Risks Related to Work in Oil and Gas Installations
- **5 Days** | Greenhouse Gas Emissions Accounting
- **5 Days** | H2S Risks in the Workplace and Prevention Measures
- **5 Days** | HACCP in collective catering according to ISO 22000
- **5 Days** | HAZOP Facilitator
- **5 Days** | HAZOP, HAZID Implementation Procedure
- **5 Days** | HAZOP/HAZID/SIL Study
- **5 Days** | HSE Introduction
- **5 Days** | HSE MS
- **4 Days** | HSE Management of External Companies (Subcontracting)
- **4 Days** | HSE Risk in Company: Part 1
- **6 Days** | HSE Specialization for Drilling Supervisors
- **5 Days** | HSE risks Control
- **5 Days** | HSE risks in the company
- **1 Days** | HSE-MS Awareness
- **5 Days** | Handling and storage of chemicals
- **5 Days** | Handling, prevention and management of hazardous chemicals
- **5 Days** | Hazard Study
- **5 Days** | Hazard and Operability study (HAZOP)
- **5 Days** | Height Rescue Level 2
- **5 Days** | Hygiene in Mass Catering, Risk Prevention by the HACCP Method
- **5 Days** | INTERVENTION TECHNIQUES .FIRE EXTINGUISHING AND RESCUES
- **4 Days** | INTRODUCTION TO THE CONCEPT OF DEVELOPING PII PLAN AND PREVENTION
- **5 Days** | ISO 19011 Standard Version 2018
- **2 Days** | ISO 37001 V 2016: SMAC
- **5 Days** | ISO STANDARD 14001:2015
- **5 Days** | Identification and Performance Evaluation of EIPS
- **5 Days** | Implementation of an HSE Management System
- **4 Days** | Industrial Hygiene and Occupational Health
- **5 Days** | Insitu Emergency Situation Control
- **3 Days** | Integrated Management System (IMS)
- **5 Days** | Internal Auditor ISO 14001
- **4 Days** | Internal Auditor according to ISO 17025
- **5 Days** | Intervention Reserve Group (GIR)
- **5 Days** | Intervention Techniques for non-HSE
- **4 Days** | Intervention and rescue in confined spaces
- **5 Days** | Intervention on liquid fires and pressurized gas fires
- **4 Days** | Introduction to Safety Engineering
- **5 Days** | Investigation of Accidents and Incidents According to the SONATRACH Group Reference System
- **5 Days** | Internal Audit according to ISO 19011: 2018
- **5 Days** | Life-Saving Actions
- **5 Days** | Life-Saving Gestures
- **5 Days** | Life-saving gestures N3
- **5 Days** | Lifting and handling
- **5 Days** | Maintenance and inspection of fire extinguishers
- **5 Days** | Major Risks and Experiments Feedback
- **4 Days** | Management of Industrial Waste and its Recovery
- **5 Days** | Management of Polluted Sites and Soils
- **5 Days** | Management of Risks Related to the Storage of Hydrocarbons
- **5 Days** | Master regulatory developments in HSE and identify the challenges to which your company is exposed
- **5 Days** | Mastery of the hazard study development process – Implementation
- **5 Days** | Medical emergencies
- **10 Days** | NEBOSH International General Certificate (IGC) in Occupational Health and Safety

Trainings list

15

- **5 Days** | Management of Special and Hazardous Waste
- **5 Days** | Mastery of fire-fighting techniques
- **5 Days** | Mastery of the process of developing hazard studies - Development -
- **5 Days** | Mineral Deposits Prevention and Management in Hydrocarbon Operations
- **5 Days** | Night Work Risk Assessment and Prevention
- **5 Days** | Noise and Sound Nuisances
- **5 Days** | Occupational Health and Safety
- **5 Days** | Occupational Risk Management
- **4 Days** | Operation and Maintenance of Wastewater Treatment Plants
- **5 Days** | Operational Command Post (OCP)
- **5 Days** | PHA : Process Hazard Analysis
- **5 Days** | Performance Standards of Safety Critical Elements
- **5 Days** | Petroleum Risk Analysis by MOSAR, HAZOP, AMDEC, LOPA Methods
- **5 Days** | Power Isolation
- **5 Days** | Pressure Risks
- **5 Days** | Process Mapping
- **5 Days** | Process Safety
- **5 Days** | Process Safety Management
- **3 Days** | Putting to Provision and Returning to Service of Equipment
- **5 Days** | Quality Management System ISO 9001:2015
- **5 Days** | RESCUES TECHNIQUES AT HEIGHT AND IN CONFINED SPACE
- **5 Days** | Radiation Protection
- **5 Days** | Radiation Risk in Industrial Environments
- **4 Days** | Regulations and Technological Challenges of Wastewater Remediation
- **5 Days** | Rescue of Victims Exposed to Highly Corrosive Chemicals
- **4 Days** | Rig Pass
- **5 Days** | Risk Analysis
- **5 Days** | Risk Assessment (Well Testing, Slickline, DST, Snubbing, Pumping, Well Integrity)
- **5 Days** | Risk management (concept + tool)
- **5 Days** | Risks Related to Chemical Products
- **5 Days** | Risks Related to Lifting Operations and Handling
- **5 Days** | Risks Related to Maintenance Work
- **5 Days** | Risks Related to the Storage of Flammable Products
- **5 Days** | Risks related to Lifting and Handling Operations
- **5 Days** | Road Rescue
- **5 Days** | SAFETY INSTRUMENTED SYSTEM SIS
- **5 Days** | SONATRACH Change Management System – Standards and Procedures
- **4 Days** | Safety Barrier Assessment
- **5 Days** | Safety Behavior
- **5 Days** | Safety Instrumented System and Control of Industrial Risks
- **4 Days** | Safety Management System
- **5 Days** | Safety in Commissioning and Decommissioning Operations
- **4 Days** | Safety in the Receiving, Storage and Shipping Operations of Petroleum and Chemical Products
- **5 Days** | Safety of Electrical Installations
- **5 Days** | Scaffold Erection
- **4 Days** | Scaffolding : Assembly Inspection and Safety Rules
- **5 Days** | Scaffolding inspection and control in the industry

Industrial Safety and Environment (Page 3/4)

- **5 Days** | Noise and Sound Nuisances
- **5 Days** | Norm ISO 1911:218
- **4 Days** | Occupational Health and Safety Management System (OHSMS) ISO 45001:2018
- **5 Days** | Occupational Toxicology
- **5 Days** | Operation of handling and lifting equipment
- **5 Days** | Operational Safety
- **5 Days** | PSSR: Pre-Startup Safety Review
- **5 Days** | Permit to Work System
- **5 Days** | Planning and Evaluation of Actions according to ISO 9001, 14001:2015, and ISO 45001:2018
- **5 Days** | Practical Intervention Exercises
- **5 Days** | Pressure Risks
- **5 Days** | Process Risk Assessment Methods
- **5 Days** | Process Safety Engineering
- **5 Days** | Professional Stress and Psycho-Social Troubles
- **4 Days** | Quality Management According to ISO 91: 215
- **5 Days** | RESCUE TECHNIQUES
- **5 Days** | RISK Based (RBI) Approach
- **4 Days** | Radiation Protection
- **5 Days** | Read and execute an assembly plan
- **5 Days** | Rescue of Road Accident Victims using Extrication Equipment
- **3 Days** | Respiratory Protection and Use of ARI
- **4 Days** | Rig Visa
- **5 Days** | Risk Assessment
- **5 Days** | Risk Management for Release Operations
- **5 Days** | Risks Associated with the Use of Chemicals
- **5 Days** | Risks Related to Hydrocarbon Handling
- **5 Days** | Risks Related to Lifting and Handling Work
- **5 Days** | Risks Related to Working at Height
- **4 Days** | Risks and Pollution of Products and Processes in Petroleum Refineries
- **5 Days** | Risks related to working at heights
- **5 Days** | Road Safety
- **5 Days** | SAFETY OF ELECTRICAL INSTALLATIONS
- **5 Days** | SONATRACH Safety and Security Prevention (PSS)
- **5 Days** | Safety Barriers (Risk Control Measures)
- **5 Days** | Safety Critical Equipment (EIPS)
- **5 Days** | Safety Instrumented Systems (SIS/SIL)
- **5 Days** | Safety Works
- **4 Days** | Safety in Drilling Operations
- **4 Days** | Safety of Chemical Reaction
- **5 Days** | Scaffold Assembly and Dismantling
- **5 Days** | Scaffold Supervisors
- **3 Days** | Scaffolding Inspector
- **5 Days** | Scaffolding inspector: assembly, inspection, and use
- **5 Days** | Severe Accident Phenomena
- **5 Days** | Stationary Training
- **5 Days** | Système de sécurité ESD, Cause et Effect, Fire et Gaz
- **5 Days** | TRANSPORT LOADING AND UNLOADING DANGEROUS PRODUCTS
- **5 Days** | TRC Work Permit System
- **5 Days** | The Fire Fighting
- **4 Days** | The Liquid Hydrocarbon Fires
- **5 Days** | The New Fire Extinguishing Methods: - Base Injection - Misting
- **5 Days** | The fundamentals of HSE management of the SH group
- **5 Days** | The internal security of the establishments

Trainings list

15

- **4 Days** | Security in Operations
- **4 Days** | Sling and Stowing Techniques
- **5 Days** | Surface Facilities Safety
- **5 Days** | TECHNIQUES FOR EXTRICATING AND STRETCHING THE WOUNDED
- **5 Days** | TRANSPORT STORAGE AND HANDLING DANGEROUS PRODUCTS
- **5 Days** | The Electrical Risks
- **4 Days** | The Hazard Study
- **5 Days** | The Major Risks in Storage Areas Boil Over, BLEVE and VCE
- **3 Days** | The Risk of H₂S in the Workplace and Prevention Methods
- **5 Days** | The handling and storage of chemicals products
- **3 Days** | The maintenance and periodic servicing of fire extinguishers
- **5 Days** | The requirements of the ISO/IEC 17025:2017 standard
- **3 Days** | The risk-based approach: risks and opportunities
- **5 Days** | Train the trainer: Permit to Work
- **5 Days** | Training of Operational Command Post Members - Level 4 - Communication Management in Crises
- **4 Days** | Transport of Hazardous Chemical Material
- **3 Days** | USE OF EXTINGUISHERS

Industrial Safety and Environment (Page 4/4)

- **5 Days** | The refilling and maintenance of fire extinguishers
- **3 Days** | The requirements of the ISO/IEC 17025:2017 standard
- **5 Days** | The use of equipment isolating the compressed air supply
- **5 Days** | Training of EvRP Coordination Committees
- **5 Days** | Training of Operational Command Post Members PCO
- **5 Days** | USE OF ARI AND ARA AND EMERGENCY EVACUATION IN CONFINED SPACES
- **5 Days** | Use of Chemicals, Risks and Appropriate Storage
- **5 Days** | WOeking AT HEIGHT AND FALL PROTECTION PPE/CPE
- **5 Days** | Waste Diagnosis
- **5 Days** | Waste Management
- **10 Days** | Welding inspection
- **5 Days** | Work Permit System, SONATRACH PTW Case
- **5 Days** | Workplace Safety Rules
- **5 Days** | the ramp-up curve (RUC)
- **3 Days** | WOEk PERMIT RISK ASSESSMENT
- **5 Days** | WORKING AT HEIGHT
- **5 Days** | Waste Management
- **5 Days** | Water Atomized Extinguishing
- **5 Days** | Well Operations Risks
- **5 Days** | Work legislation
- **5 Days** | management of investigations and analyses of work accidents
- **5 Days** | use of ambulance equipment

Trainings list

16

- **4 Days** | Budgeting Management
- **5 Days** | Contract awarding
- **4 Days** | Costs Estimation in the Oil and Gas Industry
- **5 Days** | Customer Relationship Management
- **4 Days** | Economic Aspects of Unconventional Hydrocarbons Development
- **5 Days** | Economics and Risk Analysis of Exploration - Production Projects
- **4 Days** | Financial and Economic Analysis of Petroleum Projects
- **5 Days** | Forecasting Techniques in the Oil and Gas Industry
- **5 Days** | Inventory and Stock Control Techniques
- **5 Days** | Lead Time and Cost Management
- **5 Days** | MS Excel fundamentals
- **5 Days** | Management Accounting and Performance Measurement
- **5 Days** | Natural gas pricing mechanisms
- **5 Days** | Oil & Gas Chain Value
- **5 Days** | Oil and Gas Value Chain
- **5 Days** | Procurement
- **5 Days** | Project Management
- **5 Days** | Project Profitability Analysis
- **3 Days** | Scope Management
- **5 Days** | Supply Chain
- **5 Days** | Upstream Contracts Modeling : Production Sharing and Concessions

OIL & GAS ECONOMICS & TRADING

- **5 Days** | Contract awarding
- **4 Days** | Contractual Guaranties
- **5 Days** | Crude Oil and Natural Gas Prices Volatility Modeling
- **5 Days** | Drafting of Specifications Documents
- **5 Days** | Economic Return of a Refinery
- **5 Days** | Exploration and Production Contracts
- **4 Days** | Fiscal Petroleum Systems
- **4 Days** | Hydrocarbon Transport Economics
- **5 Days** | LNG chain optimization
- **5 Days** | MS Excel Advanced
- **4 Days** | Machine Learning in the Oil and Gas Industry
- **4 Days** | Markets & Crude Oil Pricing
- **5 Days** | Négociation
- **4 Days** | Oil & Gas Economics
- **4 Days** | Petrochemical Industry Optimal Planning
- **5 Days** | Profitability of NG Liquefaction Projects
- **5 Days** | Project Management Techniques
- **4 Days** | Refining Optimization Tools
- **5 Days** | Stock Management
- **4 Days** | Unitization of Oil and Gas Fields
- **5 Days** | Upstream: Legal and Fiscal Environment

Trainings list

17

- **5 Days** | Audit Energy System of Huge Energy Consumption Industries
- **5 Days** | Building Energy Efficiency
- **5 Days** | Conception and Design of Autonomus Photovoltaic Systems
- **5 Days** | Energy Audit in Industrial and Building Sectors
- **5 Days** | Energy Efficiency Production and Distribution of Compressed Air
- **5 Days** | Energy Efficiency in Industrial Processes (Electrical part)
- **4 Days** | Energy Efficiency in Industry
- **5 Days** | Energy Efficiency of HVAC Systems
- **5 Days** | Energy Efficiency of Turbo Compressors
- **5 Days** | Energy Efficiency of the Installation: Turbocompressor and Compression Stations
- **5 Days** | Energy Management System and ISO - 51
- **5 Days** | Energy Manager in the Oil and Gas Industry
- **4 Days** | Energy Optimization of Industrial Processes by the Pinch Method - Pinch
- **5 Days** | Fired Process Heaters for Energy Manager
- **5 Days** | Greenhouse Gas (GHG) Emissions and Carbon Emission Calculation
- **5 Days** | Hydrogene Transport
- **5 Days** | Instruments and Measures for Energy Auditors
- **5 Days** | Internal Auditor for Energy Management System
- **4 Days** | Introduction to Electrical Habilitation for Renewable Systems
- **5 Days** | Introduction to Renewable Energy
- **5 Days** | Operation of Furnace and Heat Exchanger Equipment
- **5 Days** | Realization of an Energy Diagnosis of an Industrial Installation
- **5 Days** | Renewable Energy Potential
- **5 Days** | Renewable Energy: Storage
- **5 Days** | Solar Thermal: Low Temperature
- **5 Days** | Techno-Economic and Feasibility Studies Applied to Renewable Energy Projects
- **5 Days** | Thermal Energy Diagnosis of an Industrial Installation
- **5 Days** | Thermal Equipment for Men Energy: Boilers
- **3 Days** | Thermal Fluids in the Oil and Gas Industry

New and Renewable Energies

- **5 Days** | Audit Energy System
- **4 Days** | Concentrated Solar Thermal Energy
- **5 Days** | Electrical Energy Diagnosis of an Industrial Installation
- **10 Days** | Energy Auditor
- **5 Days** | Energy Efficiency and Renewable Energies
- **5 Days** | Energy Efficiency in Industrial Processes (Thermal part)
- **5 Days** | Energy Efficiency of Electrical Installations
- **5 Days** | Energy Efficiency of Heat Exchangers
- **5 Days** | Energy Efficiency of the Installation: Boilers, Heating Systems, and Thermal Fluid Distribution Systems
- **5 Days** | Energy Efficiency: Pumps and Pumping Stations
- **5 Days** | Energy Management System and ISO 50001
- **5 Days** | Energy Monitor
- **3 Days** | Energy and Energy Transition
- **3 Days** | Green Hydrogen Production
- **4 Days** | Heat Exchange Equipment in the Oil and Gas Industry
- **10 Days** | Hydrogene Vert
- **3 Days** | Insulation and Thermal Insulation of Piping in Industry
- **5 Days** | Internal Energy Audit of Industrial Installations
- **3 Days** | Introduction to Energy Management
- **3 Days** | Methane Emission Mitigation
- **5 Days** | Optimization of Turbocompressor Efficiency and Reduction of Greenhouse Gas Emissions
- **5 Days** | Renewable Energies: Political, Economic, Technological, and Environmental Challenges
- **5 Days** | Renewable Energy: Photovoltaics and Applications
- **5 Days** | Solar Photovoltaic Energy
- **5 Days** | Technical Specifications Drafting for REN Projects
- **5 Days** | The ISO 50001 Standard – 2018 Version
- **5 Days** | Thermal Equipment for Energy Systems: Air Coolers
- **5 Days** | Thermal Equipment for Men Energy: Heat Exchangers

Trainings list

18

OIL & GAS SHIPPING

- **5 Days** | Charter Agreements and Charter Parties
 - **4 Days** | Inseption vetting
 - **4 Days** | Maritime law, ship chartering
 - **4 Days** | Ship - Shore Interface
- **4 Days** | Hydrocarbons shipping market – Worldwide fleet
 - **4 Days** | Laytime & Demurrage on voyage charter
 - **5 Days** | Maritime regulations
 - **4 Days** | Ship-shore compatibilty

List of Long Training Courses

Trainings list

01

Petroleum Geology

- 44 Days | Geoscience Fundamentals | **Onboarding**

02

Geophysics

- 103 Days | Logs / Log Analysts | **Upskilling**

03

Reservoir Engineering

- 70 Days | GEOSCIENCE AND RESERVOIR ENGINEERING | **Onboarding**
- 80 Days | Integrated Reservoir Study | **Upskilling**
- 102 Days | Dynamic Reservoir Modeling | **Upskilling**

04

Oil Drilling

- 31 Days | Introduction for SC/WM Operators and Mud Preparation | **Onboarding**
- 45 Days | Mud School | **Upskilling**
- 23 Days | Fundamentals on Mud Logging | **Upskilling**
- 27 Days | Juniors Mudloggers | **Upskilling**
- 112 Days | Hydraulic Drilling | **Upskilling**
- 28 Days | Drilling Fluid | **Upskilling**
- 20 Days | Coring | **Upskilling**
- 33 Days | Advanced Mud Logging | **Upskilling**

05

Hydrocarbon Production

- 165 Days | Well Services | **Onboarding**
- 95 Days | Production and Well Operations | **Onboarding**
- 120 Days | Production | **Onboarding**
- 155 Days | Production operations | **Onboarding**
- 169 Days | Well services engineering | **Onboarding**
- 40 Days | Fundamentals of Drilling & Production Operations | **Onboarding**
- 103 Days | Fundamentals of Drilling & Production Engineering | **Onboarding**
- 97 Days | Operation supervisors | **Upskilling**
- 110 Days | Production | **Upskilling**
- 13 Days | Pipesim training | **Upskilling**
- 55 Days | Drilling and workover | **Upskilling**
- 50 Days | Production foreman | **Upskilling**

Trainings list

06

Hydrocarbon Transport

- 50 Days | DTM and Transport | **Upskilling**

07

Hydrocarbon Exploitation

- 68 Days | Operator Training System OTS | **Onboarding**
- 285 Days | Operation of Hydrocarbon Transport Facilities | **Onboarding**
- 428 Days | Professionalization of Technicians in Hydrocarbon Operations | **Onboarding**
- 267 Days | Facilities Operation | **Onboarding**
- 192 Days | Professional Development of Operations Technicians | **Onboarding**
- 36 Days | Process Operator | **Upskilling**
- 50 Days | Hydrocarbon Operations Panel Operator | **Upskilling**
- 20 Days | Static and Dynamic Process Simulation | **Upskilling**
- 25 Days | Process Simulation by HYSYS | **Upskilling**
- 86 Days | Natural Gas Liquefaction and LPG Separation | **Upskilling**
- 110 Days | Advanced Training for Engineers in Hydrocarbon Operations | **Upskilling**
- 68 Days | Advanced Training for Technicians in Hydrocarbon Operations | **Upskilling**
- 60 Days | Foremen In Hydrocarbon Operations | **Upskilling**
- 30 Days | Measurement of Liquid and Gaseous Hydrocarbons | **Upskilling**
- 43 Days | Aspen Solution | **Upskilling**

08

Gas Engineering

- 118 Days | LNG Operations and LPG Separation Process | **Onboarding**
- 323 Days | Gas Engineering | **Onboarding**
- 89 Days | Advanced Process Control | **Upskilling**

09

Refining

- 123 Days | Professional Training for Refining Engineers | **Onboarding**
- 375 Days | Refining and Petrochemicals | **Onboarding**
- 163 Days | Petrochemistry | **Onboarding**
- 143 Days | Petrochemical and Refining Engineers | **Onboarding**
- 128 Days | Refining and Petrochemical Operations | **Onboarding**
- 154 Days | Refining Operations | **Onboarding**
- 50 Days | Process Control :Refining | **Upskilling**
- 33 Days | Advanced Training for Petroleum Refining Engineers | **Upskilling**
- 63 Days | Operation of Refining Units | **Upskilling**

10

Petrochemistry

- 209 Days | Operation of ammonia and urea production plants | **Onboarding**

Trainings list

11

Hydrocarbon Chemistry and Analysis

- **90 Days** | onboarding of technician in chemistry and hydrocarbon analysis | **Onboarding**
- **100 Days** | Onboarding of a chemistry technician | **Onboarding**
- **105 Days** | Industrial Corrosion | **Upskilling**
- **25 Days** | Characterization and Quality Control of Stabilized Crude Oil and Petroleum Products | **Upskilling**
- **25 Days** | Environmental analysis and study | **Upskilling**
- **120 Days** | Hydrocarbon Analysis | **Upskilling**
- **221 Days** | Cathodic Protection | **Upskilling**

12

Petroleum Instrumentation

- **96 Days** | Instrument and Control Engineer | **Onboarding**
- **328 Days** | Instrumentation | **Onboarding**
- **95 Days** | Metering System | **Onboarding**
- **96 Days** | Instrument and Control Technician | **Onboarding**
- **60 Days** | Instrumentation Engineering | **Upskilling**
- **75 Days** | Instrument Engineer Upskilling | **Upskilling**
- **50 Days** | Instrument Technician Upskilling | **Upskilling**
- **55 Days** | Foreman and Team Leader - Instrumentation | **Upskilling**
- **15 Days** | Monitoring systeme of Gas turbine GE : MARK VIe | **Upskilling**

13

Industrial Maintenance

- **125 Days** | Electromechanical Technician Professionalization | **Onboarding**
- **383 Days** | inspection | **Onboarding**
- **255 Days** | Professionalization of Mechanical Technician | **Onboarding**
- **246 Days** | Professionalization as a Mechanical Engineer | **Onboarding**
- **40 Days** | Foreman and mechanical team leader | **Upskilling**
- **36 Days** | Maintenance GESTION | **Upskilling**
- **10 Days** | Operation, Maintenance and Adjustment of an Electrical Substation HTB/HTA | **Upskilling**
- **20 Days** | PROFESSIONAL TRAINING FOR PIPELINE OPERATORS | **Upskilling**
- **155 Days** | Mechanical Engineering Advanced Training | **Upskilling**
- **20 Days** | API - ASME Standard mastery & Recommended Practice | **Upskilling**
- **82 Days** | Heavy duty gas turbine | **Upskilling**
- **50 Days** | Rotating Machinery Vibration Analyst | **Qualification**

14

Electrical Engineering

- **146 Days** | Professionalization of Electrical Technicians | **Onboarding**
- **87 Days** | Electrical Technician - Maintenance | **Onboarding**
- **36 Days** | Electrical Engineer - Maintenance | **Onboarding**
- **140 Days** | Professionalization Electrical Engineer | **Onboarding**

Trainings list

15

Industrial Safety and Environment

- 40 Days | Firefighting Officer Level 1 | **Onboarding**
- 35 Days | Firefighting Officer Level 3 | **Onboarding**
- 36 Days | Firefighting Officer Level 2 | **Onboarding**
- 100 Days | Intervention | **Onboarding**
- 55 Days | Firefighting - LNG | **Onboarding**
- 387 Days | HSE | **Onboarding**
- 162 Days | Industrial Safety – Intervention | **Onboarding**
- 191 Days | Safety Technician | **Onboarding**
- 9 Days | General HSE for Production Operators | **Upskilling**
- 80 Days | Firefighting Officer Level 2 | **Upskilling**
- 90 Days | Environment | **Upskilling**
- 14 Days | Process Safety Internal Auditor | **Upskilling**
- 19 Days | Internal Environmental Auditors | **Upskilling**
- 10 Days | Process Safety Management | **Upskilling**
- 30 Days | Firefighting officer Level 4 | **Upskilling**
- 40 Days | HSE Intervention Agents Upgrade | **Upskilling**
- 15 Days | Practical intervention | **Upskilling**
- 83 Days | HSE RIG | **Upskilling**
- 64 Days | HSE | **Upskilling**
- 20 Days | Analysis of the Consequences of Catastrophic Scenarios at OIL & GAS Facilities | **Upskilling**
- 200 Days | TRAINING TEAM LEADERS AND FOREMAN | **Upskilling**
- 40 Days | FIRE FIGHTING TECHNICIAN | **Upskilling**
- 18 Days | Monitoring of Rotating Machinery Oils | **Upskilling**
- 60 Days | Prevention | **Upskilling**
- 31 Days | Occupational Risk Prevention | **Upskilling**
- 85 Days | Occupational Health | **Upskilling**
- 55 Days | Firefighting Officer Level 2 | **Upskilling**
- 11 Days | Process Safety Management | **Upskilling**

16

OIL & GAS ECONOMICS & TRADING

- 50 Days | Costs & Planning project management | **Onboarding**
- 50 Days | Procurement | **Onboarding**
- 49 Days | Costs & Planning project management | **Upskilling**
- 46 Days | LNG Chain Economics and Management | **Upskilling**
- 40 Days | Procurement | **Upskilling**
- 29 Days | Refining Economics | **Upskilling**
- 50 Days | Project Management Techniques | **Qualification**
- 44 Days | Stock management | **Qualification**

Trainings list

17

New and Renewable Energies

- **55 Days** | Energy Efficiency of HVAC Systems | **Onboarding**
- **18 Days** | Introduction to Artificial Intelligence | **Upskilling**
- **30 Days** | Computer Vision | **Upskilling**
- **30 Days** | Natural Language Processing (NLP) | **Upskilling**
- **30 Days** | Reinforcement Learning | **Upskilling**
- **30 Days** | Ingénierie des données et Big Data | **Upskilling**
- **30 Days** | Fuzzy Logic | **Upskilling**
- **30 Days** | Predictive Modeling | **Upskilling**
- **30 Days** | Application of AI to Real-World Problems | **Upskilling**
- **30 Days** | Deep Learning | **Upskilling**
- **30 Days** | Machine Learning | **Upskilling**
- **30 Days** | Data Analytics | **Upskilling**
- **30 Days** | Mathematics for Data Science | **Upskilling**
- **30 Days** | Python | **Upskilling**
- **80 Days** | Technicians in Photovoltaics (PV Technicians) | **Upskilling**
- **55 Days** | Photovoltaic System | **Upskilling**
- **117 Days** | Renewable Energy Project | **Upskilling**
- **271 Days** | Energy Manager in the Oil & Gas Industry | **Upskilling**
- **197 Days** | Energy Management | **Upskilling**
- **45 Days** | Electrical Systems Engineering through Project-Based Learning | **Upskilling**
- **85 Days** | Green Hydrogen | **Upskilling**
- **102 Days** | The Energy Monitor in the Oil and Gas Industry | **Upskilling**
- **56 Days** | Heating Ventilating and Air Conditioning | **Upskilling**
- **55 Days** | Bioenergy and Carbon Footprint | **Upskilling**
